Congratulations on your acceptance to Saint Rose! We are delighted you will be joining us this Fall! We created this checklist of what to do next. Make sure to check every box before orientation on August 27, 2022. You can also find this list at https://bannerweb.strose.edu

Go to: bannerweb.strose.edu, Click on: Login to Secure Site, User ID: Student ID  
PIN: Date of Birth (MMDDYY) the first time you login. Once logged in click on: Student Checklist

(VERIFY)

**Sign in to your Saint Rose email** by June 1

**Register for a STAR Day** by June 15
(Students Transition, Advisement and Registration)

Every student is required to attend one STAR Day, an orientation program designed to help you get acclimated to the campus and meet fellow students. There are several dates available from which to choose. Register online for the date that is best for you. https://onlineforms.strose.edu/orientation.

**Pick your Courses** by June 1

Complete the Self Directed Placement for English Composition and then fill out your Pre-Registration Worksheet. These forms will give us information about your course preferences and major so we can create your class schedule. Both of these forms within the next 10 days at https://onlineforms.strose.edu/orientation. Once your schedule is created, we will send you an email with instructions on how to access it. You will then have the opportunity to request schedule changes. Schedules will also be discussed during STAR Day.

**Take the Math Placement Exam** (or get ready for one!)

Complete your math placement before STAR Day. The exam is required for any students in the following majors: Biology, Biochemistry, CSD, Computer Science, Cybersecurity, Forensic Psychology, Forensic Science, Nursing, Public Health, Psychology and any student planning to have a Biology or General Science concentration in an Education major. Students are exempt from the math placement exam if they transfer in the equivalent of College Algebra, Pre-Calculus, or Calculus or have a 3 or better on the AP Calculus exam. The exam is optional for any other major. To either review for the placement test or to make an appointment to take the test online, please contact Dr. Matthew Woods at woodsm@strose.edu. Study materials can be found at mathplacement.strose.edu.

**Living on campus?** Fill out your housing forms by June 1

Apply for housing and select your meal plan. Housing requests are first-come, first-served, so don't wait! The links are under the Residence Life tab of the checklist under the Secure Area on bannerweb.strose.edu. There is a two-year residency requirement for all incoming first year students. More information can be found at the Residence Life website here: https://www.strose.edu/policies - Contact reslife@strose.edu with questions.

**Upload a photo for your Student ID** by August 1

To have your student ID card ready when you get here, you can upload a photo of yourself using this website: https://myphoto.strose.edu/index.aspx
Submit your health forms by August 1

There are forms we need your doctor to fill out. Find instructions at www.strose.edu.healthforms.

If you have documentation from your school or health provider as part of a request for accommodations, please email Lynn Cantwell, Director for the Office of Services for Students with Disabilities, directly at cantwell@strose.edu.

Talk with Financial Aid

eBills are emailed in June and payment is due in early August.

Talk with financial aid to make sure forms are in, loans are processed, and questions are answered. Your financial aid tab under the checklist will make this easier. The Bursar’s (Payment) Office is in charge of billing and payment. Everything is done electronically. So again, check that email!

Submit Proof of High School Graduation and/or Final College Transcript by July 15

We need official proof that you graduated high school in order for you to receive financial aid.
• First-year students should have their high school send transcripts after they graduate.
• Transfer students can have it sent from their high school or provide a copy of their diploma or final transcript.
• Students who are transferring credits: Contact your college’s Registrar’s Office to send your official transcripts so that we can award you the most credit for your effort!

Attend Orientation

Orientation is scheduled for Saturday and Sunday, August 27 and 28. This is the beginning of your Golden Knight journey, and we are thrilled to welcome you to Saint Rose. We are planning an exciting and engaging weekend with fun activities and opportunities to meet your new classmates and current students. Orientation is followed by our Week of Welcome (WOW), a variety of programs and activities during the first week of classes designed to help you become acclimated to the campus and neighboring community. Friendly reminders and updates about Orientation and WOW will be emailed to your Saint Rose account throughout the summer.
